Surgery Consent Form

I, the owner or authorized agent of this pet, give permission for the following anesthesia procedure(s). I understand that during the procedure unforeseen conditions may be revealed that necessitate an extension of the procedure(s). I consent to and authorize the performance of such techniques as necessary in the veterinarian's professional judgment.

Spaying / Neutering Mass removal Declawing Sedated exam Other _____

Owner's name: _____ **Pet's name:** _____

The following procedures are OPTIONAL for your pet, but are recommended.

A pre-anesthesia blood profile will help the doctor(s) rule out any pre-existing internal problems that may not be evident physically, but could lead to complications. There is an additional fee for these important blood tests. The tests include:

1. Complete blood count that checks for bleeding disorders, anemia, infection, inflammation and hydration.
2. Mini-health Profile that assesses blood glucose, kidney and liver function, and electrolytes.

YES I accept. **NO** I decline.

An IV can be placed and fluids administered before and during the procedure for an additional fee. Benefits of including IV fluids are: 1) Maintains hydration during fasting. 2) Helps regulate blood pressure while sedated. 3) Increases blood flow to the kidneys while sedated. 4) Pets wake up faster from sedation.

YES I accept. **NO** I decline

ALVC is proud to provide laser surgery as well as traditional surgery. For an additional fee we can provide laser surgery for many of our procedures. The benefits are: 1) Less pain and swelling. 2) A quicker recovery time. 3) Less bleeding which simplifies surgery and creates less physical trauma.

YES I accept. **NO** I decline

ALVC is proud to provide therapeutic laser therapy post-surgery. Laser energy induces a biological response in the cells which leads to reduced pain, reduced inflammation & increased healing speed when performed immediately after surgery. A therapeutic laser session can be performed post-surgery for an additional fee.

YES I accept. **NO** I decline

For mass removals only – would you like a sample to be submitted for histopathology? There is a fee for biopsy samples to be reviewed by pathologist.

YES I accept. **NO** I decline

Would you like your pet microchipped while he/she is sedated? We offer **microchipping** of pets which includes the microchip itself, implantation of the chip, and the first year registration with Home Again. Microchipping is an effective method of permanent identification in case a pet gets lost or stolen.

YES I accept. **NO** I decline

I understand that if my pet has live fleas/ticks present at the time of check in, he/she will be given a dose of flea/tick prevention at my expense.
