# Setting *BRAVECTO*® reminders on your Samsung S5 smartphone

## Smart choice. Smart ways to remember.

Most dogs love the taste of pork liver-flavoured **BRAVECTO**® chews, and consider them a treat (albeit a rare one!) that they look forward to receiving every 12 weeks.

Make sure you remember to administer your dog's treatment on schedule by setting a 12-week "time-for-**BRAVECTO**®" repeating reminder on your smartphone. Just follow the directions below.

*BRAVECTO*®
- ▶ 1 tasty chew.
- ▶ 12 weeks of flea and tick protection.
- ▶ Customized repeat reminders.
- ▶ 0 worries.

## HOW TO SCHEDULE A **12–WEEK RECURRING EVENT** USING GOOGLE NOW

1. Open **Google Now** or hold down the Home button of your Samsung S5.

2. **Ask Google Now:** "Remind me to give tick and flea medication tomorrow (Or whatever date you plan on giving your dog his or her first dose of BRAVECTO®.) and repeat every 12 weeks".

This will create a reminder on your Android phone that will appear when the date/time arrives every 12 weeks.

## HOW TO SCHEDULE A **12–WEEK RECURRING EVENT** IN YOUR CALENDAR WITH S VOICE

1. **Open S Voice:** Usually double tap the Home button of your Samsung device.

2. **Ask S Voice:** "Add event give tick and flea medication".

3. **S Voice will then ask:** What time is the best?

4. Find the date 12 weeks later. Answer the date you found and the time you prefer.

5. **For recurrence:** Tap the event and under the view more option, tap "Repeat," then "Weekly", then "Every 12 weeks." This will set up a 12-week recurrent event in your calendar.
