

Canine Lifestyle Risk Assessment Form

If you have completed this form and nothing has changed, you do not need to do so again.

Leptospirosis assessment

Does your dog visit the mountains? Yes No

Does your dog go into lakes or streams? Yes No

Does your dog visit the reservoirs? Yes No

Does your dog visit the Highline Canal? Yes No

Does your dog come in contact with wildlife (i.e. raccoons, foxes, coyotes)? Yes No

If you answered yes to any of the above questions, your dog may be at risk for Leptospirosis, which can be life threatening to your dog, and contagious to you.

Canine Influenza/Bordetella Assessment

Does your dog go to day care? Yes No

Does your dog go to a boarding facility? Yes No

Does your dog go to a grooming facility? Yes No

Does your dog go to a dog park? Yes No

If you answered yes to any of the above questions, your dog may be at risk for Canine Influenza/Bordetella.

Internal Parasite (worms/giardia) Assessment

Does your dog use a community area to go to the bathroom? For example, a dog park, apartment complex, day care, boarding facility, etc. Yes No

Are there any small children in the home? Yes No

If you answered yes to the above questions, your dog and your family may be at risk for internal parasites.

Do you travel out of state with your dog? Yes No If so, where?

Is your dog from a shelter? Yes No

What kind of food do you feed?

Please discuss all yes answers with your veterinarian today.
